

Quality Products. Service Excellence.

2-Post Open Frame Rack DNRRLDW Series

Note: This product line has been discontinued as a stocked series. Information is for reference only. It has been replaced with **DNRRLDK Series**. For alternative solution assistance, **contact Hammond here** or call: USA (716) 630-7030, Canada and International (519) 822-2960.

When strength and reliability is the highest priority, be sure to choose the Data/Networking Robust Rack (DNRR) from Hammond Manufacturing. Designed to support your rack mount infrastructure, regardless of the application, the DNRR includes premium features not found on most other racks.

Features:

- · Constructed in 12-gauge steel.
- Our automated tapping assembly provides EIA compliant 10-32 tapped rails **on the front** to ensure ease of mounting rack mount equipment.
 - Includes marked rack unit dividers to aid in equipment mounting.
- To keep the rack upright when loaded with equipment, we've included a large base for freestanding support. Optionally, the base can be caster mounted for moving the rack.
- To keep it looking great, the DNRR undergoes a three-stage paint process which includes a coat of premium smooth black powder paint.
- Before sending the DNRR on its way we cover the rails and base with a thick layer of cardboard to prevent any damage that may occur during transportation.
- Tested to nearly double the suggested static load rating of 850 lbs (386 kg).
- TAA compliant for GSA Schedule purchases.
- · RoHS Compliant.
- Manufactured in North America.

Accessories

- Cable Managers
- Hinged Clear Security Cover
- Two Post Mounting Adjustable Shelf
- Two Post Mounting Keyboard & Equipment Shelf
- Adjustable Rack Mount DIN Rail Kit
- Open Frame Rack and Rack Cabinet Joining Kit
- · Grounding & Bonding
