ASSEMBLY DETAIL

ASSEMBLY INSTRUCTIONS:

- A) Vertical cable management (item 1) can be assembled on either side of alum. relay rack frame.
- B) Mount the vertical cable management using the 3/8 hardware as shown thru assembly holes in cable management and corresponding holes in rack frame. See assembly detail.
- C) Cables can be secured by using the VELCRO® cable ties (item 2) included. Loop the cable tie thru the oblong slots as shown in assembly detail above and fasten by pressing the VELCRO® on the end tab to VELCRO® on the cable tie surface.
