

DC200

ECONOMY SERVER CABINET

RACK BASICS®

When you need quality on a budget, you can trust RACK BASICS, the contractor-friendly brand of economy rack and cabinet solutions. When you require a server cabinet that has all bells and whistles, the DC200 is your best option.

The DC200 cabinets are offered in two capacities, 24U spaces and 42U spaces. A standard overall width of 23.6" (24") allow cabinets to side or bay together matching standard 2ft floor tile placement, optimizing sub-floor cable and cold-air access without conflict.

FEATURES:

- Constructed in 16-gauge steel.
- Maximum load capacity of 950 lb.
- Available in two heights: 42U & 24U models
- Two (2) pairs 19" EIA-310-D compliant square hole rails with rail markings.
- Rails can adjust in depth in 25mm increments
- Four (4) leveling feet are included with support for included recessed casters.
- Grounding studs provided on frame.
- Pair of solid side panels are removable and include stiffeners to support the full depth.
- Includes two (2) 4" diameter cable entry holes (top) and one (1) 8" x 12" opening (bottom).
- Open frame bottom allows raised tile floor cable and air access.
- Finished in smooth black powder paint.
- The DC200 Series shall be RoHS EU Directive 2002/95/EC compliant.

Part No.	Panel Height		Overall Dim's (mm)		
	Inches	Units	H	W	D
DC2004242	73.5"	42	1997 (78.6")	600 (23.6")	1100 (43.3")
DC2004224	42"	24	1197 (47.1")	600 (23.6")	1100 (43.3")
